

Spring / Summer 2005

HEY YOU! Winters over and it's time to get off the couch and back into the water! While you've been holed up all winter we've been busy moving walls, re-modeling, re-painting, and bringing in new products to make the 2005 diving season better and more exciting than ever. We are introducing some new activities and bringing back some of your favorites to insure your yardwork will be neglected as you get re-acquainted with your dive gear. Keep reading and check out what's happening this year!

TRAVEL, TRIPS, & FUN

OCEAN CITY, WRECK DIVES... July 30th & August 20th Join us aboard the "Surface Interval" as we explore some of the mid-Atlantic's best shipwrecks. Each trip offers diving on two different wrecks. Divers will have a chance to explore history, see an abundance of marine creatures and maybe bring back a great seafood dinner! We've set both trips for Saturdays so you won't have to fight traffic coming back from the beach. Space is limited so sign up early!

CAPE ANN, Sept. 15 thru 18th

Cape Ann located just outside of Boston in the town of Rockport, is home to incredible beach diving. This rocky coastline features great diving and the abundance of marine creatures will astound you. Perfect for the u/water photographer or just for the fun of exploration this promises to be an adventure packed weekend. We will spend 2 days diving the coast where the only costs are airfills and one day of boat diving that offers, walls, caverns and swim thru's. This is a new destination for us but it is sure to be a favorite!

CURACAO, August 6 thru 13th

We are going back to Curacao for our "Back to School" Family trip. This time we are staying at the Breezes resort located near the Sea Aquarium. Cost includes airfare, 1 week hotel, meals, drinks, and much more. Those that went last time know that the diving here is incredible and the fun is non-stop!

SURVIVOR SCUBA July 9th & 10th

Outwit, Outplay, Outlast!! Join us for our fourth annual "Survivor". Now is the chance for you closet "Survivor" fans to try your luck in one of our most popular events. You don't have to be an expert diver. Being an expert "manipulator" will help you more as you compete to become this year's sole survivor. It's tremendous fun for everyone and, as always, we will be giving away a lot of great prizes. Everyone wins something and the longer you stay the more goodies you'll collect. New divers have won the previous three "Survivor" games and maybe it's time for you experienced divers to take back control.

Breathe easy.
